Objective of the initiative

The primary objective of this event is to formally inaugurate the JIS University ACM Student Chapter and foster a vibrant ecosystem of technical excellence. By bringing together eminent academicians and industry scientists, the event aims to bridge the gap between classroom learning and industry expectations. Through the 'The 404 Challenge TechQuiz,' we seek to encourage healthy competition and collaborative problem-solving among students, embodying our core philosophy: 'Connecting Minds, Creating Solutions.

Event Highlights

- Prizes & Certification: Exciting prizes for the TechQuiz winners and Certificates of Participation for all attendees.
- Expert Networking: Free access to technical insights and networking opportunities with eminent speakers from TCS Research and ACM Kolkata.
